May 03rd–04th, 2012

Invasive Fungal Infections: what physicians need to know

Main Topics

Epidemiology
Risk Stratification
Treatment Strategies
International Guidelines
Case Studies

This programme will cover relevant topics for physicians treating patients with invasive fungal infections at ICU (intensive care unit) and haematology wards.

3rd MSD Forum on Invasive Fungal Infections

Rome Marriott Park Hotel
Rome, Italy
May 03rd–04th, 2012

Scientific Committee

Prof. Catherine Cordonnier (France)
Prof. Thierry Calandra (Switzerland)
Prof. Claudio Viscoli (Italy)

Chairpersons:

C. Cordonnier (France)
L. Pagano (Italy)

May 3rd
**Session I: Advances in the management
of invasive fungal infections in haematology**

Welcome and introduction	14.00
Scientific Committee: Catherine Cordonnier, Thierry Calandra, Claudio Viscoli	
New trends in epidemiology of aspergillosis	14.30
L. Pagano (Italy)	
The role of prophylaxis	15.00
- Pros: A. Ullmann (Germany) - Cons: J. Maertens (Belgium)	
Break	15.45

The use of biological/non-invasive markers to support an early treatment approach	16.15
Paul Verweij (The Netherlands)	
The role of combination therapy in the management of IA	16.45
C. Viscoli (Italy)	
CASE STUDIES	17.15
- 1st Case: C. Cordonnier (France) - 2nd Case: C. Kibbler (UK)	
1st day meeting closes	18.15

Chairpersons:

T. Calandra (Switzerland)
M. Antonelli (Italy)

May 4th
**Session II: Issues in the management of
invasive fungal infections in the ICU**

The changing landscape of invasive fungal infections in the ICU M. Antonelli (Italy)	8.30
Advances in the early diagnosis of invasive candidiasis O. Marchetti (Switzerland)	9.00
Strategies for early intervention in the management of IC in the ICU L. Ostrosky (USA)	9.30
Break	10.00
PK/PD in special ICU populations Johan Mouton (The Netherlands)	10.30
From guidelines to real life: a clinical case approach - 1st Case: T. Calandra (Switzerland) - 2nd Case: J. Garnacho-Montero (Spain)	11.00
Lunch	12.00

Chairpersons:

C. Viscoli (Italy)
P. Munoz (Spain)

May 4th
**Session III: Addressing invasive fungal
infections beyond haematology & ICU**

The issue of invasive fungal infection in internal medicine O. Lortholary (France)	13.00
Invasive fungal infections in solid organ transplant P. Grossi (Italy)	13.30
Fungal Infections in chronic pulmonary disease W. Meersseman (Belgium)	14.00
CASE STUDIES - 1st Case: P. Munoz (Spain) - 2nd Case: O. Manuel (Switzerland)	14.30
Closing remarks Scientific Committee: Catherine Cordonnier, Thierry Calandra, Claudio Viscoli	15.30
